- Small Purchase Program
 - How long is the qualifications data for small purchase valid
 - How are small purchase proposals scored
 - What are insufficient competition determination factors
- Clarify local presence criteria
- Disputing a non-responsive proposal determination

Small Purchase Program

- Expand to include general design services
- Increase the allowable individual project contract amount to \$150,000
- Average process time < 35 days.

Small Purchase Program cont.

- Initial Solicitation selects qualified firms
 - Firms are placed on a prequalified small purchase list
 - Approved Overhead Rate required
 - Master agreements are executed with each approved firm for potential future work
- Qualifications are valid for the term of the master agreement

Small Purchase Award

Individual Project Award

- Three firms from the list are solicited for request for proposals (RFP)
- The firms have 24 hours to respond regarding the intention to compete
- The firms have five (5) business days to upload proposals to ProjectWise
- The Contract Officer (CO) provides submitted proposals to PM and subject matter experts for evaluation, selection, and recommendations.

Small Purchase Award cont.

- Proposals are reviewed & evaluated based on
 - Knowledge and technical ability of staff

Semi-Annual

Consultant Performance Evaluation

Instructions

Project Manager will evaluate Consultant semi-annually on April 1st and October 1st and at the completion of contract.
 Project Manager will discuss evaluation with Consultant and allow for written response.

3. Project Manager will submit the completed form to the Professional Services Contracting Officer.

 The Professional Services Contracting Officer will prepare a report semi-annually for the Secretary of Transportation, Deputies, Chiefs, Directors.

5. The following description table should be utilized when determining the appropriate consultant evaluation score:

**) Score	Description					
10	Exceeds all (100%) expectations in every aspect. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
9	Exceeds virtually all (greater than 90%, but less than 100%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
8	Exceeds most (61% - 90%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
7	Exceeds many (31% - 60%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
6	Exceeds (10% - 30%) expectations, and meets remaining expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
5	Meets all expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
4	Meets most, but not all (61% - 90%) expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
3	Meets many, but not all (31% - 60%) expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
2	Meets some, but not all (10% - 30%) expectations. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
1	Meets a few, but not all (less than 10%, but more that 0%) expectations. Fails to perform and comply with contract. Include milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.					
0	Does not meet any expectations. Fails to perform and comply with contract. Includes: milestones, quality of work, responsiveness, budget, contract modifications needed, DBE utilization, and responsiveness.
