ENGINEERING EXCELLENCE AWARDS

Eligibility & General Criteria

Eligibility

Any engineering or surveying firm is eligible to enter the 2018 ACEC-SC Engineering Excellence Awards competition, regardless of whether the firm is a member of ACEC-SC. Any firm may submit multiple entries.

General Criteria

Projects entered in the competition must have been prepared in South Carolina. Local, regional, national and international firms are encouraged to enter projects, executed anywhere in the world, from designs prepared locally.

Research and Studies (Category A) or Surveying and Mapping projects (Category D) must have been publicly disclosed by the client between Nov. 1, 2015 and Oct. 31, 2017. Construction of projects (Categories B through L, with the exception of D) must have been substantially completed and ready for use between Nov. 1, 2015 and Oct. 31, 2017. See “award categories” section for full listing of all eligible categories.

Entries may be placed in any one of twelve categories listed on page 3. The entering firm must select the one category that is most appropriate. A project may be entered only once in any category. However, after a project entered in Category A has been constructed, it may be entered in a different category, B through L, in the year when eligible.

An entry fee of \$415 for ACEC-SC members and \$850 for non ACEC-SC members must accompany the Notice of Intent to be submitted by Friday, October 6, 2017. **The entry fee is nonrefundable and required for each project submitted.**

Each entry must consist of two components: (Non-compliance with the rules may disqualify an entry. Please read the requirements thoroughly.)

I. USB flash drive containing submission materials

II. Photographic display panel

****NOTE: No QR Codes or embedded links are permitted in any portion of an award submission****

ACEC-SC will not be responsible for any damages to or loss of an entrant's official materials.

The ACEC-SC Engineering Excellence Awards Committee reserves the right to determine eligibility and category classification of any entry.

Awards

The Palmetto Award, recognizing the overall highest rated project, may come from any of the categories. An additional award will be presented for the highest rated project submitted by a small firm, defined as less than 30 South Carolina employees. The highest rated projects will qualify for national competition through ACEC. The ACEC-SC Engineering Excellence Awards Gala will be held February 6, 2018 in Columbia, SC.

Publicity

Participating firms must wait until after the Engineering Excellence Gala on February 6, 2018 to publicize winning project(s). ACEC-SC will publish a press release covering all winning projects to local and state media. It is up to individual entrants to publicize its project(s).
